

The suggestion on this map has been put forward by both word and in the written, I was disappointed not to see it, given the consideration I feel it deserves due to its nature and circumstances of the future. It is I believe, ideally situated as it is close to Kendal and can be done, called Geo or Eden to earth case.

It is a quiet locality in spite of the close proximity to the town and easily arrived at from near or far localities

Closed off Northern End (Kendal side) former A65 route out off OD = Old Road New Drive approach to Houses alongside

G = Field Gate off A65 Adaptable for easy entrance.

T = Trees act as Screen on higher ground - Natural Screen from A65

A65 Wide Vorge Grass Flat - possible Easy extra space turned for parking Across road existing layby but used for walkers up Helm Lane onto The Helms (hill)

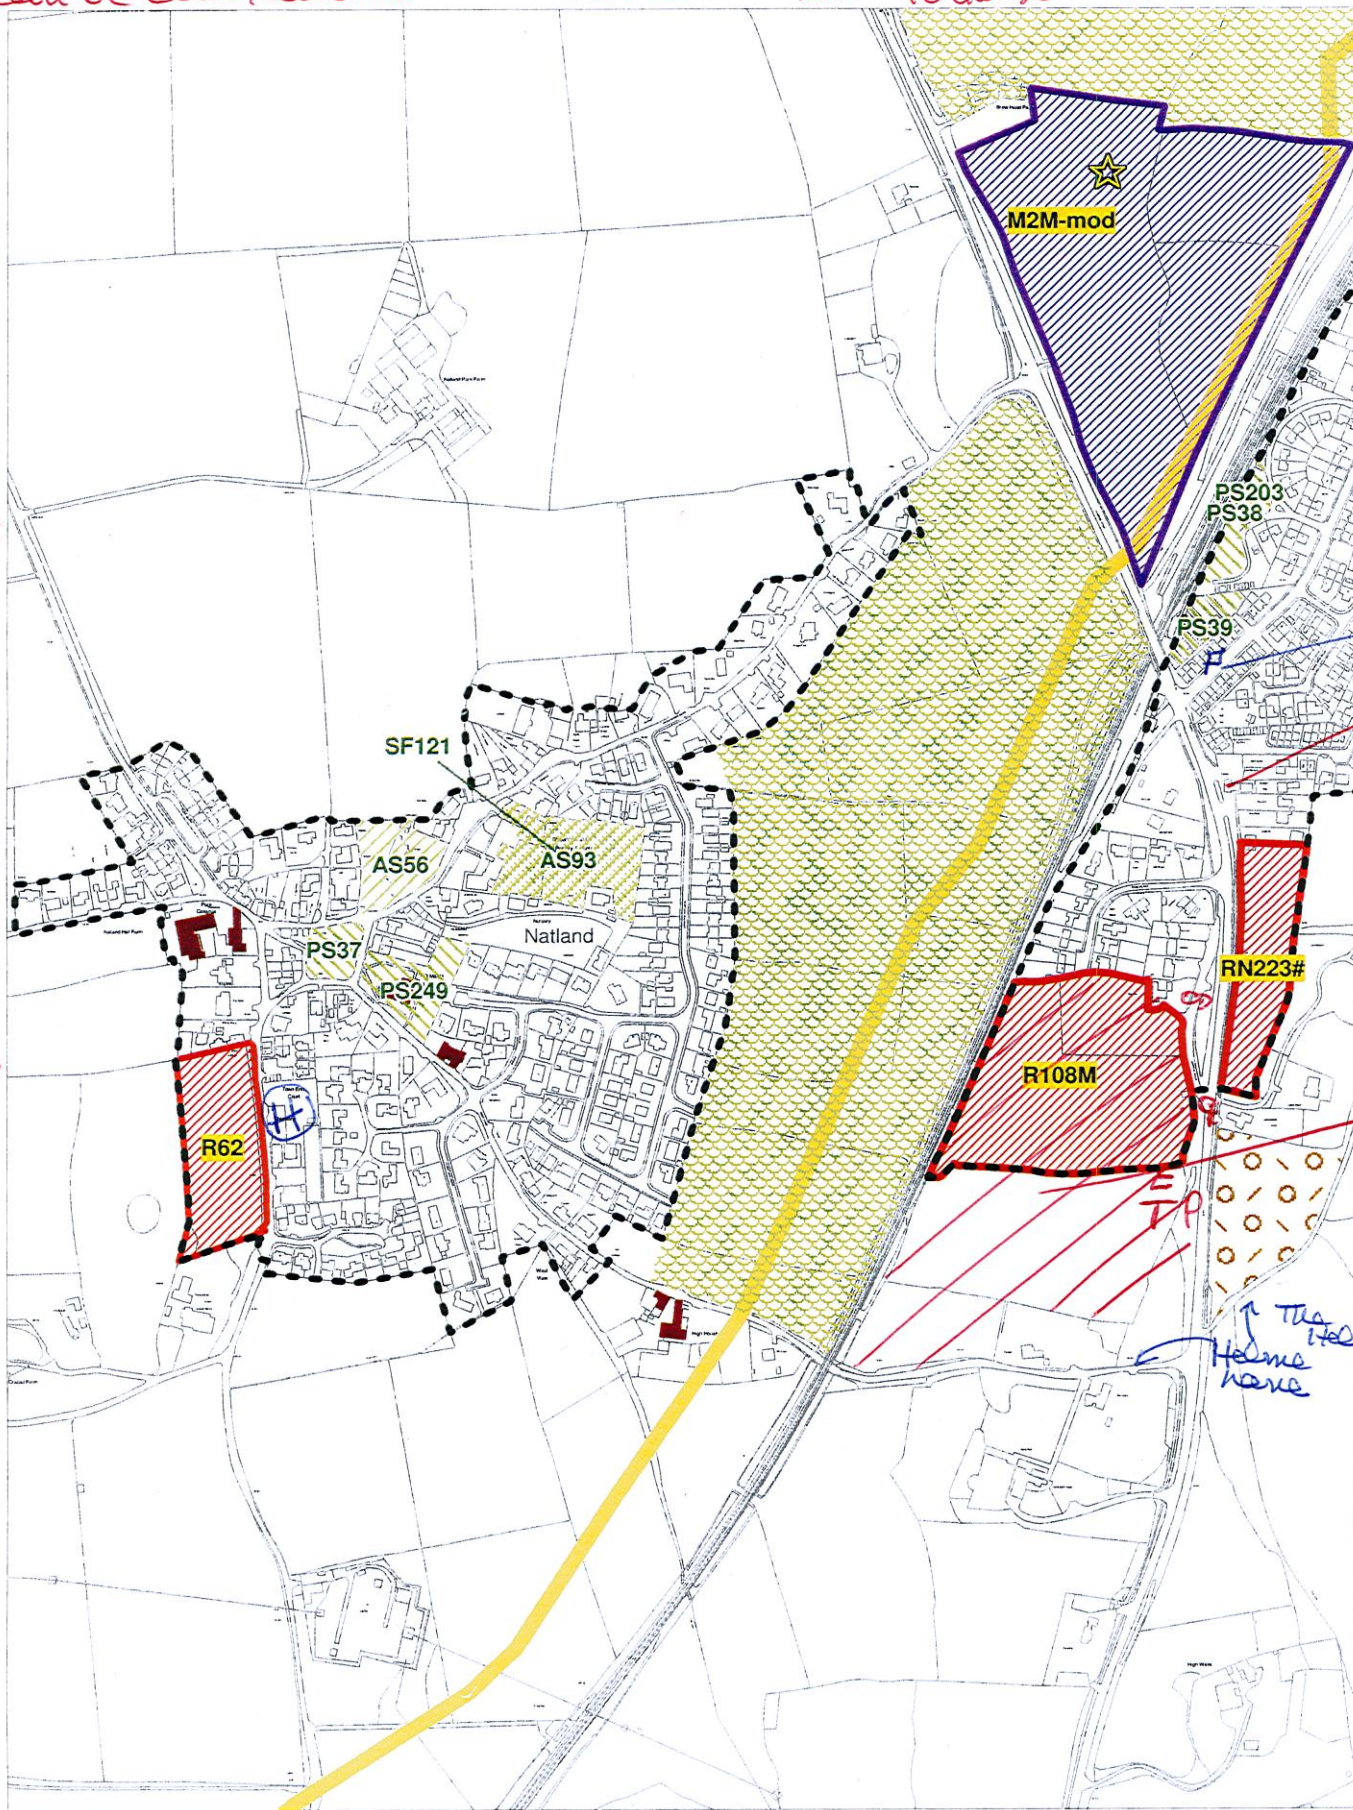

E Suggested site of Eco friendly Toilets "Natural" with Shelter / Ureys / Benches = In Memoriam?

No Dogs allowed Special 'tie' rail to side
