Matter 1.6

SOUTH LAKELAND  
DISTRICT COUNCIL  
RECEIVED

15 OCT 2012

POST ROOM

Dear Sir,

I understand that there is to be a <sup>14<sup>th</sup> Oct.</sup> consultation on November 7<sup>th</sup> over the possibility of reopening proposals for building houses on Brightree Road. We were led to believe that building projects - Levens had been decided on and there would be no more extensive building till 2025.

There has already been massive objections over using this land for housing development from Levens residents. Surely public opinion by those living in the village must count.

Those wishing to develop this area have tried & tried to go against the wishes of the villagers.

I would say it is a matter of a minority trying to rule over a majority.

You realise that this is a prime site & would make the owners & developers a lot of money.

Yours faithfully,
