Dear Damian

**Further modifications – South Lakeland Land Allocations Document  
Site MM044 – land adjacent to Croppers Plc. industrial site**

I have discussed with Mark Cropper the suggested additional wording indicating that the access should be solely from the main access to the existing paper mill.

Mark Cropper recalls a conversation with you in which he indicated that you would like to use the main access to serve the land, but he would not wish to close off entirely the possibility of there being some access from Hall Road given that there is already a substantial access on to Hall Road serving part of the existing Croppers paper mill.

Perhaps the wording could be changed to read:

*“The main access to this land should be via the existing main access to the Croppers industrial site.”*

The reference to there being no access to Hall Road could simply be omitted.

Yours sincerely

**Brian Barden**
