**The Development Plans Officer
South Lakeland District Council
South Lakeland House
Lowther Street
Kendal**

5th May 2013

Dear Sir

R121M-mod

We have already submitted our concerns regarding this proposed development site but feel compelled to write to you regarding our horror to find that South Lakeland District Council feel that access to the site, if it goes through, should be via Oak Tree Road and Rowan Tree Crescent. It is perfectly obvious to any sane individual that the roads are not suitable for any increase in traffic, especially for the volumes anticipated including any heavy plant that would be needed on the site. At the present time residents park half on the pavements so as not to block the road for other residents and also any larger delivery/refuse vehicles that also use the roads.

This is yet another issue which has not been discussed at all with the residents by SLDC, the others including concerns re flooding, Bio-diversity and landscape have also never been discussed.

I ask you again to re consider this site which I feel is totally unsuitable for a large development but if you must include it in the LDP then knock some common sense into these planners who seem to have no concern for the lives of ordinary people.

Yours faithfully

Bruce and Nancy Wilson
