Re SDLC's planning proposals for Grange

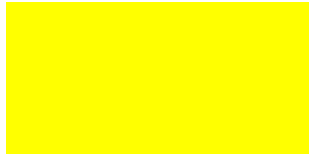

I am writing to voice my strong opposition to allow the building of new houses on green field sites in Grange. Grange is not a key service centre and building plans of this nature have implications on: -

1. Traffic - traffic survey done in the quietest time of year. Grange is already a bottle-neck
2. Flooding
3. Merging of town & villages
4. Already over burdened medical & education services
5. Brown field sites are being overlooked
6. Housing need. There are already over 150 empty residences in Grange & local estate agents have been quoted as saying no further housing stock is needed.

I could add to, and enlarge upon any of these points but this is already being done by GNDA9 & by Allulwaite Road Action Group.

I hope the voices of local people are heard on this occasion.

Yours sincerely

Mrs C. McCANN
