THE DEVELOPMENT PLANS MANAGER, SLDC,

Dear Sir,

SLDC LAND ALLOCATION DEVELOPMENT PLAN

My wife and I object most strongly to the plan for 735 new homes in Grange-over-Sands and district by 2025. Our grounds are the adverse effect on traffic, parking, schools, green spaces, drainage, and the appearance of the town.

These objections have been well articulated by the Grange and District Action Group, and we totally agree with the case they make against the proposals in the plan.

Yours sincerely,

(H. O. SMITH)

P.S. We have been residents here for 33 years.
