28 August 2013

Dear Mr Law

**Land at RN193# - Reference MM072U**  
**Land adjacent to Persimmon Union Lane Development**

I wish to object to the proposal MM072U to build 44 additional houses to be accessed from the adjacent land off Union Lane, the current Persimmon development.

This development could cause great danger to pedestrians and to children and adults if there are to be vehicles for over 70 houses accessing the current development being built and the additional potential development, all turning into a blind corner on the junction of Stanley Street and Union Lane. Union Lane has been widened slightly for the Persimmon development however it is still not a full two lane road for the full length from the junction with Union Lane/Stanley Street to the entrance to the new Persimmon development so cars on Union Lane would not be able to pass each other freely in opposite directions.

I object to the proposal MM072U on the grounds that the levels of traffic in Union Lane will be excessive and a danger to pedestrians and other traffic and the noise and disturbance from this level of traffic will be unbearable to residents of Union Lane and to the residents of Stanley Street.

Kind regards.

Yours sincerely

Ian Southworth
