RESOURCES

Dear Sir or Madam,

We are writing about our concern of the proposed change of agricultural land to development land in Union Lane Fields. We have lived in Mowings Lane for thirty years and before that we were off the Gill and Star Street. My husband moved into Star Street in 1954 with his parents.

The main concern is the extra traffic in Union Lane and Mowings Lane.

We love living up here because of the views and the quiet countryside so near. We do not agree with taking green fields for building land.

Thank you for reading this.
With very strong feelings.
Yours.
