My views on proposed sites for Kirkby-in-Furness

Recomended for inclusion

- R29 plot behind Burlington Inn running next to road to station
- R211 field behind Stores/post office

only lower part of field to be used - entrance from Burlington Close +new road access form  
Beckside road

- R204 field in front of Beckside Rooms ensuring that plans include additional parking for  
existing residents to get cars off narrow road
