**Subject:** Land Allocation in Bowston

Dear Sir/Madam

Thank you for your E mail. My views have not changed regarding the proposal to build on the land adjoining Meadow Close Bowston. This is a totally unsuitable site as we are a Hamlet and therefore have no amenities, no shop, no buses, the sewage system is already overloaded despite many of the residents including ourselves having septic tanks. If this land is built on where will it stop, before long we will be joined to Burneside. There is already a parking problem in Bowston so extra traffic will just add to the problem. With all the building taking place in Kendal at present, I refer to the Cock and Dolphin development and the proposed conversion of the Kendal Bowman, is there such a need for so much housing in the parish of Strickland Ketel and Strickland Roger are you trying to turn our village into a town?. Perhaps it would be better to look for more brown field sites. Yours sincerely Elizabeth Bingham
