Query/comment	I have lived on Morewood Drive for 25 years and the impact building 20 new houses had on the road has been huge. The speed cars come down the hill with the school in such a close proximity is a accident waiting to happen. I have seen the dangers with having two young children myself. With the school traffic the road becomes heavily congested especially on wet days and to add to this by building a further fifty eight houses is just ridiculous. In my opinion the road is not suitable for any more traffic as most households have two vehicles, also existing residents park on the street outside their property causing more obstruction, to me this is a health and safety issue as the childrens welfare must be considered as a major factor! Planners or who it concerns should visit morewood drive at 3pm to see the mayhem they will soon make up their own minds. Morewood drive isnt just busy on school days it is used as a overflow car park for the memorial hall and evenings when there are after school activities. I object to these plans greatly as I have lived in the village all my life and there are more suitable sites in the village to build on. Burton is a lovely village to live in please dont spoil it by adding all these houses to it, its not as if there is a shortage of homes when you look at the estate agents websites.
