Dear Sir,

With reference to your AONB consultation document in particular Y101 and Y102 I am certain I am reflecting the views of residents living at Nos 40,42,44, and 46 in objecting to the draft plans as presented.

I have always assumed that draft application to be for the benefit of Yealand Redmayne residents as a whole. The Village has no facilities- shop P.O. Pub. or sport area.. Without these we could never attract the younger generation.

Plans Y101 and 102 are in direct opposition to our needs. Both plans are cited on prime land with extensive views, and the residents are not prepared to give them up, for the satisfaction of, to allow Holgates to further their wants; nor for a resident to make a speculative gain.

Yours faithfully

Wm. E. Crackle
