# Comments about suggested site allocations (and other map designations)

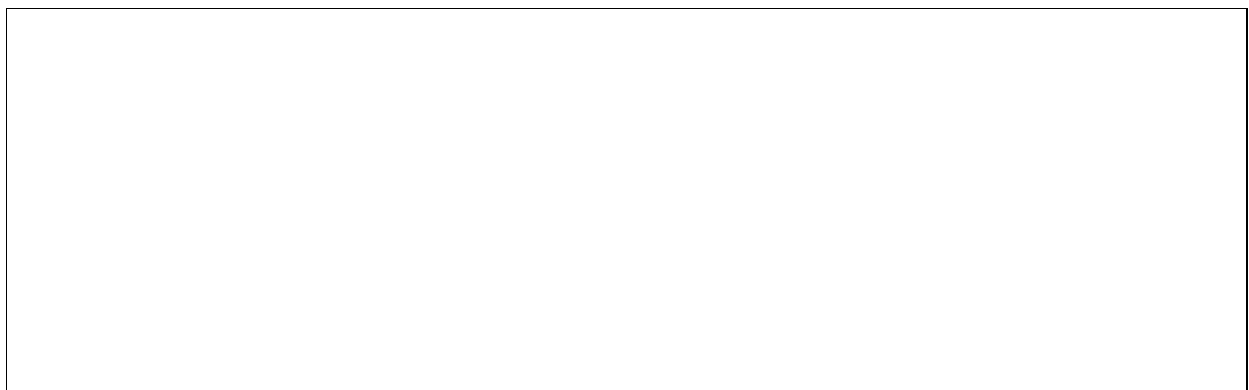

Please use this form to comment on emerging options and other sites as they appear on the settlement maps. **Please complete one of these sheets for every response you make.**

Which site or allocation do you wish to comment on?			
Settlement (e.g. Natland)	Map Number (e.g. 11)	Site reference number (e.g. R62)	Other designation – If you want to comment on something that doesn't have a site reference (e.g. development boundary, town centre boundary, green gap) please describe it here
Ulverston	35	R689ULVM	
Do you support, oppose or support in part the suggested allocation or designation? (delete as appropriate)			
I /do not support / <b>the suggested</b> site allocation/designation <b>for the following use(s)</b> Housing/ other (specify).....			
Please explain your reasons (continue on a separate sheet/expand box if necessary)			
<p><b>I oppose the use of land (R689ULVM) off Urswick Road for several reasons:-</b></p> <p><b>The development will have a huge impact on the landscape. Current residents on Urswick Road have paid a premium to enjoy the views, including outlooks as far as Coniston Old Man. Estate Agents quote “truly lovely views over farmland to the Pennington Hills” and verbally quote “the field across the road is green gap so they will never be able to build houses over there”.</b></p> <p><b>The field is currently used as agricultural land. If you develop this land the farmer will have to reduce his herd and make one of his farm hands unemployed – a step in the wrong direction!</b></p> <p><b>You say the council will not be responsible for developing the land, it will be for the landowners to sell their own site to developers. I believe the landowners (Quakers) are unwilling to sell, so think it a pointless exercise to even consider this area in the first place.</b></p> <p><b>Affordable homes = £ ? Proportion for rent – housing association. Once bitten, twice shy. We moved from our last property due to the lack of respect the tenants had for their property and the neighbourhood. Why should they bother when we the tax payers pay for the benefit!</b></p> <p><b>More houses equate to more traffic, pollution and increased maintenance of the roads will be required which is already inadequate.</b></p> <p><b>You say young people are leaving because they cannot find housing or work. Concentrate bringing work into the area before building any new housing. Jobs before houses. The Evening Mail has thousands of houses for sale in its property guide every week.</b></p>			

## How to suggest sites which do not appear on the maps

If you want to suggest a site that does not appear on the maps **please provide a map** with the site outlined in red. Please state the uses which you propose allocating the site for and explain your reasoning. Also, please include the name of the landowner if known.

## Comments about community facilities in your area

New development can provide benefits to communities through enabling the delivery of improved or new community facilities (for example, play areas, allotments, green space, car parks, traffic management, pedestrian and cycle links, health and education facilities and community centres etc).

Do you think that your area needs new or improved community facilities?

**If so, what sort of facilities and where?**

Please explain the types of improved and/or new community facilities you feel your community may need in the next 15 years (continue on a separate sheet/expand box if necessary).

## Comments about the documents and approach
