We would like to lodge our opposition to proposal of industrial units on land behind Moorland Store/Garage.

Our main concern being there is no demand for these units, has as been the case with the units built at Foxfield, with half remaining empty.

We also oppose the proposed 70/90 new houses. There is already a large number of unsold housing in the Kirkby area, enough to meet the demand for people wanting to move into the area.

We do recognise the need for affordable housing to help the youth stay in the village, and would support any suggestions for the building of low cost housing to fill this need.

Yours faithfully

Barbara & Graham Fugler
