Ref: New Land Allocations in Cartmel - Objection

Dear Sirs

I attended an exhibition on Saturday 3rd September in Cartmel Town Hall. The subject for viewing and discussion was the new proposed land allocations for development.

The first I knew of this exhibition was at 9.30am that morning! A neighbour popped in to advise me.
I had received any notices through my door or by post!

I am writing to object to the proposed sites of RN35#, which is directly in front of my property and also to ON54#.

The field covered by RN35# is extremely close to my property and would block any view of the Racecourse and countryside. Also this field has a history of drainage problems, it has a rising aspect and gets both water logged and sewage logged from The Old Grammar School Care Home.
It is not suitable for housing development.

My major concern is that the Council could even consider such major developments without due communication with the local residents beforehand.

I trust having logged my opposition you will now keep me and my 2 neighbours in the immediate area reliably informed of any developments.

I am away on holiday 6 - 13 September but hope to hear from you on my return.

Yours faithfully

Susan Fishwick
