I welcome the opportunity to comment further on development plan proposals.  
In brief my comments are as follows:

a.. The timetable for consideration of alternative sites is too short for sound consideration and investigation.

b.. Sites M40# and R140# should be thoroughly investigated and consulted upon as an alternative to any proposed developments on Green Gap land.

c.. Green Gap land between Oxenholme and Kendal should not be included in the development plan for all reasons previously highlighted by myself and others.

Regards

Neville Pinkney
