Dear Sir/madam

I am a resident of Heversham and I am writing to express my strong disapproval of the potential housing allocation at plots RN316 and RN326. whilst I was in agreement with local public feeling that 40 houses would be acceptable, I am completely against the reputed number that the Parish Council has recommended of 140.

I believe that a development of this size is completely out of character for a village of this size and would be totally inappropriate.

I also believe that the infrastructure is totally unsuitable for such a development especially considering;

- a.. The narrow roads - these will undoubtedly get busier, especially Woodhouse Lane, as more traffic will use it to access the M6
- b.. The lack of pavements in such lanes - making it more dangerous for pedestrians (and there will be more of them)
- c.. The egress (to the north) and the access (to the south) of the A6 - can already feel dangerous at times and more traffic can only exacerbate this
- d.. The main drains already struggle after substantial rain - I cannot imagine that these would be altered
- e.. The potential access point near the tennis courts through Dallam School looks problematic and I fear that the alternative will become Woodhouse Lane with all the above problems magnified.

I hope that you will take these points into account when considering your decisions.

Kind regards

Nick Gannicliffe

Impact won 2 Big Ticks in the BITC Awards for Excellence 2011 including a new award for our work Inspiration programme
Impact received a special recognition award as 'Best for Giving Something Back' by the Sunday Times Top 100 Best Small Companies to work for 2011
trainingindustry.com have selected Impact as a Top 20 Leadership Training Company in 2011
