Hello,

Cark and Holker Site ref: EN49

I wish to register my objection to the proposed use of this site, for the following reasons:

- 1.. It would extend an industrial area into the centre of an area of agricultural land, projecting out from the existing building line of the village.
- 2.. The existing industrial area is under-used.
- 3.. The site is subject to regular flooding which leaves a significant area under water for up to two weeks at a time.
- 4.. The existing industrial area near Flookburgh airfield (a short distance away) is more appropriate for industrial development, having good road access and scope for expansion and infill.

Will you please take these comments into account in your considerations.

Regards,

E Evans
