Subject: Alternative Site RN312# Penny Bridge

Follow Up Flag: Follow up
Flag Status: Completed

I have already made objections to the originally proposed site for development below St Mary's Church, Penny Bridge.

One of the new sites i.e. RN312#, which is the other side of the church, is surely partly on the site of the present churchyard and must therefore be totally unacceptable on all counts. Your map shows it bordering on the approach path to the church.

Any site that side of the church must be beyond the graveyard and sufficiently far away, in any event, so that church services are not affected by peripheral noise from house and gardens.

Please accept this as opposition to the above mentioned alternative site to the extent of the points I have made in this email.

Regards

Michael C Fletcher
