*We aim to minimise the amount of paper printed and sent out. Therefore, where an email address is supplied, future contact will be made electronically.

This response contains pages including this one.

☐

Please tick the box if you would like us to notify you when the Land Allocations Development Plan Document is submitted to the Secretary of State for independent examination and when it is adopted by the Council.

Land Allocations - Further Consultation

Please use this form to comment on:

1. Alternative sites put forward by respondents to the earlier Land Allocations consultation (January - April 2011);
2. Time span of the Land Allocations document
3. The approach to development in small villages, hamlets and the countryside.

Please complete one of these sheets for every response you make.

(Please also note that comments made in earlier consultation need not be repeated.)

1. Alternative Sites

Please let us have your views on alternative sites suggested by respondents to the previous consultation. (Please note, these are not SLDC suggestions.)

Which site do you wish to comment on?		
Settlement (e.g. Natland)	Site reference number (e.g. RN298#)	
Ulverston South	RN243#	
Please indicate below whether you support, support in part or oppose the suggestion that this site be included in the Land Allocations document (please tick as appropriate)		
Support <input type="checkbox"/>	Support in part <input type="checkbox"/>	Oppose <input type="checkbox"/>
Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)		
<p>Separation: The land suggested connects the towns of Ulverston and Swarthmoor together.</p> <p>Sewerage: The residents of Urswick Road have already been badly affected by foul odour nuisance from the sewers after SLDC's flawed planning approval of the Sewage Pumping System at the Birkrigg Park housing development in 2001. In periods of dry weather we are still affected by intermittent foul odour nuisance incidents 10 years later. Unless the sewerage for this site will be routed towards Swarthmoor, the additional housing will only exacerbate the sewerage issues and the new occupants will also be affected by this ongoing problem.</p>		

2. Time Span of Land Allocations Document:

Should the Land Allocations document plan period remain 2003 – 2025 or cover a shorter period, for example, 2003-2020?

Please indicate whether you support, support in part or oppose a reduction in the time span of the Land Allocations document (please tick as appropriate)

Support ☐

Support in part ☐

Oppose ☐

Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)

What's five years? The original period up to 2025 seems appropriate considering the amount of consultation all SLDC residents have been given.

3. Small Villages, Hamlets & Open Countryside

Do you think the future housing and employment land needs of small villages, hamlets and open countryside are best met by: -

- A. Allocating sites for houses and employment in the Land Allocations document; or
- B. Communities and/or developers bringing forward sites for housing and employment for consideration under relevant Core Strategy policies, through neighbourhood plans and/or other local initiatives.

Please indicate which of the above options you would support. (Please tick as appropriate)

A ☐

B ☐

Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)

Option B is covered by Option A if communities and developers have the foresight to see which sites will meet their needs up to 2025 with minimal impact to their communities.

Thank you for your views and suggestions.
