Subject: Land Allocations - Further Consultation

Follow Up Flag: Follow up  
Flag Status: Completed

Settlement: Kirkby Lonsdale  
Site Reference No. R146#

We strongly oppose the suggestion that this site should be included in the Land Allocations document.

1. The site is elevated and any development will be on the skyline. It will dominate the surrounding areas and affect the privacy of nearby residents.
2. Traffic along Fairbank and through to the town centre is already very heavy and the construction of further residences on the proposed site will make traffic congestion even worse. Walking past the Church and the narrow corner by the bottom of Michelgate is already dangerous, especially for the elderly residents of the three nursing/residential homes on Fairbank.

We feel that there are more suitable sites for development such as RN331#.

Paul and Ankharet Cass,
