To L

From Mary Wilson District Councillor for Cartmel and Grange West

Cartmel and Allithwaite - I am happy to support the views of the Parsh council in this matter and endorse their submission.

Grange - I am very unhappy to see so much more land offered in and around the Kents Bank area.

I oppose any development at RN 260 which is a significantly important area of woodland.

I hope that in finalising your allocation of land in the Grange area you are able to keep a balanced provision around the town avoiding too much development in any one area.

Yours
Mary Wilson
