Subject: Re: SOUTH LAKE LAND ALLOCATIONS - FURTHER CONSULTATION

Thank you for your email. I do not have any further comments on your first point.

Second Point

I would have thought an end date of 2025 would be fine, as it appears there are plenty of sites proposed for development to cover that time period, especially in the current economic climate, where existing houses are just not selling.

As to your third point; I think small sites specifically to build properly affordable houses for local people should be allocated in villages and hamlets, as this gives more certainty - and hopefully will ensure all the appropriate checks (ecological, archaeological etc) are undertaken at a very early (i.e. pre-allocation) stage.

Please let me know if you need more information,

Best wishes
Louise
