Land Allocations - Further Consultation

Please use this form to comment on:

1. Alternative sites put forward by respondents to the earlier Land Allocations consultation (January - April 2011);
2. Time span of the Land Allocations document
3. The approach to development in small villages, hamlets and the countryside.

Please complete one of these sheets for every response you make.

(Please also note that comments made in earlier consultation need not be repeated.)

1. Alternative Sites

Please let us have your views on alternative sites suggested by respondents to the previous consultation. (Please note, these are not SLDC suggestions.)

<p>This site intrudes upon the rural fringe of the village at Cinderbarrow, and is immediately adjacent to the proposed extension of the Lake District National Park. As such a sloping, high density modern development on the proposed site would be inappropriate and of high visual intrusion. The current low valley profile of mixed age housing blending into the existing footprint of the residential area is a sufficient transition into the rural and wooded landscape beyond. The proposed site would also be highly visible when viewed from both the existing and proposed LDNP, particularly the high ground of Whitbarrow Scar to the west, a NNR of international status.</p> <p>The Cinderbarrow area is essentially rural, and blends into the adjoining National Trust estate of Sizergh including The Clump, Brigsteer Woods, Flash Bank and Helsington Barrows. This popular region is used by locals and visitors who enjoy extensive walks taking advantage of wide reaching views and extensive countryside with a range of habitats. The perception of this area would be ruined by a greater density of housing and associated traffic and bustle.</p> <p>The lanes above and below this site are both narrow and unsuitable for any increase in traffic and/or associated parking. These lanes are already hazardous for walkers and horse riders who are frequent users. The prominent position of this site would make it intrusive in daylight but also at night with lights in the Lyth Valley being highly visible from a large surrounding area. Light pollution would detract from the tranquillity of the valley and vistas of the night sky, but also intrude upon the habits of nocturnal animals which inhabit this area, particularly owls, bats, deer and badgers all of which are protected species.</p>

3. **Small Villages, Hamlets & Open Countryside**

Do you think the future housing and employment land needs of small villages, hamlets and open countryside are best met by: -

- A. Allocating sites for houses and employment in the Land Allocations document; or
- B. Communities and/or developers bringing forward sites for housing and employment for consideration under relevant Core Strategy policies, through neighbourhood plans and/or other local initiatives.

Please indicate which of the above options you would support. (Please tick as appropriate)

A

B Yes
