Objection to proposal(site R146#)

The current level of local traffic and that generated by tourism already causes congestion on Fairbank as well as creating parking issues outside the houses on Fairgarth Drive. Any proposed housing or business development on site r146 will inevitably exacerbate congestion as well as blighting the views enjoyed by visitors approaching Ruskins View and the Rugby Club. As well as the disruption caused to local residents it is highly likely to make the town less desirable to tourists which would adversely effect the towns fortunes and put it into decline.

Ian and Annette Skillen
