Kirkby Lonsdale -- Proposal R146#

Objection.

Kirkby Lonsdale attracts large numbers of day visitors. Already traffic passes through the town centre almost continuously, and at certain times (eg, during the morning shop deliveries) the traffic flow can be blocked completely. Also, there are three retirement/nursing homes on Fairbank, whose residents are regularly exposed to danger where they have to step off the pavement at the narrow corner near the church.

The construction of a large number of new residences to the north of the town will greatly increase this traffic, making conditions in the town centre almost impossible. The danger of serious accidents will certainly increase. Shop owners may be excited at the prospect of more custom, but if visitors are deterred by the endless congestion, they may end up losing more custom than they gain.

Dr C D Paice & Mrs K Paice

PS: I earlier tried submitting this objection via the website, but it was apparently not accepted.
