Subject: Formal Objection to development Flookburgh & Cark Airfield

Follow Up Flag: Follow up

Flag Status: Completed

Dear Sir or Madam,

I wish to formally object to the new proposed plans for housing and industrial developments that boarder Moor Lane, Flookburgh. I am unsure of the correct site numbers but I believe they are:

RN263, RN158, RN159, EN25, RN160, EN41 ?

1.. Moor Lane directly outside Stockdale Farm is in effect a single track road without a footpath. I have already seen children, babies in buggies, elderly people and able bodied adults almost pinned to the stone wall as traffic passes by, in some cases with little sympathy to the plight of the pedestrians. Any development that seeks access via Moor Lane will massively increase both traffic (domestic & industrial) and pedestrian use of Moor Lane within this single track area. Let me make myself absolutely clear, if any child or adult is killed or seriously injured that can be attributed to the increased traffic, I and others will (within the law) seek to expose those responsible for agreeing to such developments and name and shame them.

2.. The above objection, I believe, is further compounded by the fact that you have already agreed to increase the traffic flow by allowing a further 300 caravans to be sited on the Heaven Site at the bottom of Moor Lane.

3. The emerging developments will be located on a flood plain. If a flood was to occur with the predictable insurance claims that follow, all nearby locations within similar post codes will either have their

insurance premiums increased or even refused.

Will you please ensure that this email is acknowledged and the above points recorded?

Thank you

Nigel Anderson BA (Hons)
