Land Allocations - Further Consultation

Please use this form to comment on:

1. Alternative sites put forward by respondents to the earlier Land Allocations consultation (January - April 2011);
2. Time span of the Land Allocations document
3. The approach to development in small villages, hamlets and the countryside.

Please complete one of these sheets for every response you make.

(Please also note that comments made in earlier consultation need not be repeated.)

1. Alternative Sites

Please let us have your views on alternative sites suggested by respondents to the previous consultation. (Please note, these are not SLDC suggestions.)

Which site do you wish to comment on?		
Settlement (e.g. Natland)	Site reference number (e.g. RN298#)	
NATLAND	RN303 and RN298	
Please indicate below whether you support, support in part or oppose the suggestion that this site be included in the Land Allocations document (please tick as appropriate)		
Support ☐	Support in part ☐	Oppose ☒
Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)		
① Access to these two areas are by single track roads (Helm Lane and Overholme Lane both of which have passing places only by using private drives. There is risk to pedestrians also and the situation is very bad indeed at school times. ② Natland has had several areas of housing development in recent years. This continued development risks loss of the village as an entity. ③ The council previous local development plans allowed for a green area at RN303 and RN298 to act as a buffer between different village communities. I support this previous plan. ④ There is risk of flooding as the residents in this area know and see are comes under the field. ⑤ The architect private plans for this area include a recreation recreation area alongside the railway line. This is not needed by the village and I would have thought dangerous in its planned position.		

2. Time Span of Land Allocations Document:

Should the Land Allocations document plan period remain 2003 – 2025 or cover a shorter period, for example, 2003-2020?

Please indicate whether you support, support in part or oppose a reduction in the timescale of the Land Allocations document (please tick as appropriate)

Support ☐

Support in part ☐

Oppose ☒

Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)

this seems to increase the cost at a
time of financial difficulties. Or does
increase uncertainty in the future.

3. Small Villages, Hamlets & Open Countryside

Do you think the future housing and employment land needs of small villages, hamlets and open countryside are best met by: -

- A. Allocating sites for houses and employment in the Land Allocations document; or
- B. Communities and/or developers bringing forward sites for housing and employment for consideration under relevant Core Strategy policies, through neighbourhood plans and/or other local initiatives.

Please indicate which of the above options you would support. (Please tick as appropriate)

A

B

Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)

This is a more open and inclusive
procedure and avoids sections
of the plan being held up against each other.

Thank you for your views and suggestions.
