Land Allocations - Further Consultation

Please use this form to comment on:

1. Alternative sites put forward by respondents to the earlier Land Allocations consultation (January - April 2011);
2. Time span of the Land Allocations document
3. The approach to development in small villages, hamlets and the countryside.

Please complete one of these sheets for every response you make.

(Please also note that comments made in earlier consultation need not be repeated.)

1. Alternative Sites

Please let us have your views on alternative sites suggested by respondents to the previous consultation. (Please note, these are not SLDC suggestions.)

Which site do you wish to comment on?		
Settlement (e.g. Natland)	BARBON	Site reference number (e.g. RN298#) RN 279
	BARBON	RN 279
Please indicate below whether you support, support in part or oppose the suggestion that this site be included in the Land Allocations document (please tick as appropriate)

<p>As a resident landowner at Town End, Barbon, I would view with concern the development of agricultural land for residential purposes. Access to the site from Barnaig is tortuous, narrow and unsuitable for heavy traffic (I understand a gas main runs beneath it); access would otherwise be from Watery Lane, a Restricted Byelawway with a weight restriction of 8 tons on the bridge. As the site lies on rising ground, new housing would tend to dominate the village.</p>

2. Time Span of Land Allocations Document:

Should the Land Allocations document plan period remain 2003 – 2025 or cover a shorter period, for example, 2003-2020?

Please indicate whether you support, support in part or oppose a reduction in the time span of the Land Allocations document (please tick as appropriate)

Having regard to the length of time any development takes, current land allocations should cover the longer period - 14 years rather than 9.

3. Small Villages, Hamlets & Open Countryside

Do you think the future housing and employment land needs of small villages, hamlets and open countryside are best met by: -

- A. Allocating sites for houses and employment in the Land Allocations document; or
- B. Communities and/or developers bringing forward sites for housing and employment for consideration under relevant Core Strategy policies, through neighbourhood plans and/or other local initiatives.

Please indicate which of the above options you would support. (Please tick as appropriate)

A ☒

B ☐

New developments should be sited where other facilities (schools, shops, surgeries, etc.) already exist.

Thank you for your views and suggestions.
