

FCC E 141

Monday 29th August 2011

Dear Sir or Madam,

We have previously written to object to the proposals for housing on land around the area of Castle Green Lane, Oak Tree Road and Rowan Tree Crescent (Reference R121M) and have been made aware that the proposals from Russel Armer have been modified (RN302 and ON50). We would like to re-affirm that we consider these modified proposals to be equally objectionable, and that the concerns raised in our original letter still apply and are compounded by an increased number of houses.

Yours Sincerely,

Philip Key
