# 3. Small Villages, Hamlets & Open Countryside

Do you think the future housing and employment land needs of small villages, hamlets and open countryside are best met by: -

- A. Allocating sites for houses and employment in the Land Allocations document; or
- B. Communities and/or developers bringing forward sites for housing and employment for consideration under relevant Core Strategy policies, through neighbourhood plans and/or other local initiatives.

| Please indicate which of the above options you would support. (Please tick as appropriate)       |             |  |  |  |

#### <u>COMMENTS ON Section 1 – Alternative Sites M11M# /E19#</u>

I am totally opposed to the application by Sainsbury's for a retail supermarket on this site.

A major issue being that it will be situated on a dangerous section of the A590, where access and egress will be hazardous and add to the already high level of through traffic and accident rate. On this very stretch of road is a large traffic sign stating that no fewer than 740 accidents have been recorded in the past 5 years on the A590 – obviously not all relating to this short stretch of road but it is a notorious accident blackspot and evidence enough that the increase in traffic leaving and entering the site, will only exacerbate matters.

The taking of a current "Greenfield" site for a supermarket is unnecessary and disturbing and encroaches on the green belt forming the boundary between Swarthmoor and Ulverston. There are adequate business / "Brownfield" sites in Ulverston e.g. South Ulverston area, but Sainsbury's wish to "cherry pick" the highest level of passing trade, regardless of land status and will use their financial muscle power to do so.

An edge of town site with passing trade only, will be of no benefit to Ulverston town centre traders and will add to the already harsh economic situation which prevails and which will come under further pressure if the Brewery development is sanctioned.

The building of what will be an expansive supermarket development will engender unacceptable noise levels e.g. early morning / late evening custom and deliveries, plus non-stop refrigeration units. All this will impinge upon the nearby residents of Woodland Road and Kilner Park, one of the most highly Council Tax rated areas in Ulverston.

On a personal note, the proposed change of policy on planning applications by the present Coalition Government is most worrying and the "Presumption in favour of Development" is playing into the hands of powerful businesses such as Sainsburys, who can not only be sure of success with their applications, but choose the best open sites to suit their purpose regardless of the effect on the landscape and social wellbeing. This proposed site in Ulverston is an early forerunner of such action and must be resisted for all the above justifiable reasons.

Anthony Fell.
