This response contains ☐ pages including this one.

Please tick the box if you would like us to notify you when the Land Allocations Development Plan Document is submitted to the Secretary of State for independent examination and when it is adopted by the Council.

Land Allocations - Further Consultation

Please use this form to comment on:

1. Alternative sites put forward by respondents to the earlier Land Allocations consultation (January - April 2011);
2. Time span of the Land Allocations document
3. The approach to development in small villages, hamlets and the countryside.

Please complete one of these sheets for every response you make.

(Please also note that comments made in earlier consultation need not be repeated.)

1. Alternative Sites

Please let us have your views on alternative sites suggested by respondents to the previous consultation. (Please note, these are not SLDC suggestions.)

Which site do you wish to comment on?	
Settlement (e.g. Natland)	Site reference number (e.g. RN298#)
SWARTHMOOR	R685SW#

Please indicate below whether you support, support in part or oppose the suggestion that this site be included in the Land Allocations document (please tick as appropriate)

Support ☐Support in part ☐Oppose ☒

Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)

The site is very close to Swarthmoor Hall and its peace and tranquillity of the area.

The parking and traffic in Park Road is a major issue. I, like my neighbours park 100/200 yds away from my house and often on the next block. Speed is an issue, cars are still travelling as if they were still on the A590. Cars can only travel in one direction at once, traffic has to wait. Deliveries can cause problems and taking elderly people into the homes hold up the traffic - not everyone is patient!

The right turn exit from Park Road onto the A590 is a difficult manoeuvre, and if you meet the head of cars it can be a 8/9 min wait, in the direction on Swarthmoor Lane.

2. Time Span of Land Allocations Document:

Should the Land Allocations document plan period remain 2003 – 2025 or cover a shorter period, for example, 2003-2020?

Please indicate whether you support, support in part or oppose a reduction in the time span of the Land Allocations document (please tick as appropriate)		
Support ☐	Support in part ☐	Oppose ☒
Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)		
The Land Development Plan period should remain 2003-2025. Planning and development should benefit, enhance & help the area and this takes time to get it right.		

3. Small Villages, Hamlets & Open Countryside

Do you think the future housing and employment land needs of small villages, hamlets and open countryside are best met by:

- A. Allocating sites for houses and employment in the Land Allocations document; or
- B. Communities and/or developers bringing forward sites for housing and employment for consideration under relevant Core Strategy policies, through neighbourhood plans and/or other local initiatives.

Please indicate which of the above options you would support. (Please tick as appropriate)

A ☐

B ☒

Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)

Allocating sites for houses and employment in the Land Allocations document does not seem as structured or as professional as it should. It can cause bad feeling within the community. Anyone can say where they would like development and it is marked on the map. This cannot be good for community spirit. Communities need to be ~~be~~ guided by ~~the~~ professionals, professionals needed to be guided by communities, to make the correct decisions.

Thank you for your views and suggestions.
