

Re: RN 302.

SOUTH LAKE
DISTRICT COUNCIL
RECEIVED

02 SEP 2011

POST ROOM

Dear Sirs,

FCLE182

I feel I must write again in response to the change in the development of land off Castle Green Lane / Oak Tree Rd, it seems very bad to add properties to an area that has problems with water at Stock Beck, I already have water standing in my garden after heavy rain, I can't imagine how many more problems all these extra properties will have on this area of open ground.

I would like my objections registered.

Yours faithfully
