## **Land Allocations - Further Consultation**

Please use this form to comment on:

1. Alternative sites put forward by respondents to the earlier Land Allocations consultation (January - April 2011);
2. Time span of the Land Allocations document
3. The approach to development in small villages, hamlets and the countryside.

Please complete one of these sheets for every response you make.

(Please also note that comments made in earlier consultation need not be repeated.)

### **1. Alternative Sites**

Please let us have your views on alternative sites suggested by respondents to the previous consultation. (Please note, these are not SLDC suggestions.)

| <p>Back Lane is not suitable for more housing. It is narrow (single track) and not well maintained, particularly in the winter, when it is not gritted (along with most of the centre of the village) It has no footpath on either side.</p> <p>The field suggested has a busy public footpath, used by walkers and runners, which runs from Force Bridge, across and field, across Back Lane and up to the stile, and then along the disused canal. Development would spoil this footpath</p> <p>The land proposed forms part of a valuable and attractive landscape not totally visible from the road. It is a steep bank that directly overlooks the cricket pitch, forming part of one of the prettiest cricket settings in the county, and it also directly overlooks also the patio, pool and forms the major view from some apartments of Sedgwick House. Development would spoil this picturesque setting in the heart of the village</p> |                                               |                                            |

## 2. Time Span of Land Allocations Document:

Should the Land Allocations document plan period remain 2003 – 2025 or cover a shorter period, for example, 2003-2020?

**Non controversial developments should be processed without delay but I feel maximum and genuine consultation is essential when small communities and our beautiful environment is at risk.**

### 3. Small Villages, Hamlets & Open Countryside

Do you think the future housing and employment land needs of small villages, hamlets and open countryside are best met by: -

- A. Allocating sites for houses and employment in the Land Allocations document; or
- B. Communities and/or developers bringing forward sites for housing and employment for consideration under relevant Core Strategy policies, through neighbourhood plans and/or other local initiatives.

| <p><b>I support A because I think a central government led overview is essential, along with the proper consultation procedures. All the plans in one area enables the public to at least have some chance of following the plans. I think B would lead to a more fragmented approach, which makes it harder for the public to know what is going on and makes proper consultation more difficult.</b></p> |                                   |
