Dear Sir/Madam,

As a frequent visitor to Levens Village,
I was horrified to learn of the proposal
to build seventy houses in the fields next
to Brigsteer Road. The view of the village
and across to the hill in the West as
I come down the hill from the North is
so beautiful. To build on the open ground
in view of the Valley would be vandalism -
a great and sad mistake.

Please think very carefully before
you make any decision about housing
development in Levens Village.

Yours faithfully,

[DR. M. J. WILKINSON]
