Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)		
<p>Access to the site would be from Back Lane, which has a difficult approach round a hairpin bend with very poor visibility. It is a single track road with limited passing places, which already has significant traffic, including buses, cyclists and horses.</p> <p>Any development on this site would extend the village boundary significantly. Being on raised ground, it would also be visible from the end of Back Lane; the current end of the village (The Walled Garden) is not visible until you are adjacent to it.</p> <p>A well-used public footpath around the village crosses the site.</p>
