

Mr, Dan Hudson (Hons) MRTPI
Development Strategy Manager,
South Lakeland House, Lowther Street,
Kendal Cumbria LA94DL.

Dear Mr, Hudson,

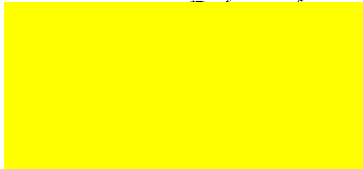

I write to oppose the consideration of site RN270 for inclusion in the latest Land Allocation under the Local Development Framework for the Burton-in-Kendal / Clawthorpe area.

The impact on services would be intolerable, particularly sewage.

Access to and from the potential site would create many problems resulting in potential dangers at the junction of the A6070. Any development of this site would have an adverse visual effect on the North end of the village.

I also enclose a petition from local residents opposed to the consideration of this site.

Yours sincerely,

Mr, J. E. Brown.

We, the undersigned, strongly object to the site RN270 being considered for housing in your Local Development Framework for Land Allocation in the Burton-in-Kendal/ Clawthorpe area.
