REVS & BENS

Mr Dan Hudson,

Development Strategy Manager.

Mr & Mrs WD Southward

Date 4th Sep 2011.

we are writing to you concerning
SLDC Planning Land Allocations.
For Kirkby-in-Furness.

we oppose a reduction in the time span
of the Land Allocations document.

we are also opposed to site ENS8
which has now been suggested to be
developed for "industrial units".
we are furious that is Green Field
site could be put forward for this
type of development.

we are also opposed to the number of
sites that have now been proposed
for the building of houses.

Planners should think long and hard
before we destroy open countryside
and urbanise villages.

yours sincerely
