Development Plans Officer

SOUTH LAKE LAND  
DISTRICT COUNCIL  
RECEIVED

- 6 SEP 2011

REVS & BENS

Mr & Mrs D Chapman

01/09/2011.

Dear Sir,

We are writing to object to any new developments on R124, This also includes any developments that drains into the Stockbeck.

After years of sleepless nights whenever there was heavy rain and flooded gardens and garages and near misses to our home, we hoped that after all the work of so many people the chance of flooding was now a thing of the past.

That is why we must object to R124, R121, R141, and R56 or north Sandylands that will drain into stock beck.

We cannot allow planners to simply overwhelm the scheme and put us all at risk again.

Yours sincerely.

David Chapman.

Susan Chapman.
