- 1) **Traffic flow** to the proposed new housing in Natland would increase the flow along Oxenholme Lane or Helme Lane both of which are single track and already overloaded. To pass another vehicle at present, one has to use a private drive to enable the other vehicle to proceed which often results in damage to the walls. The only way to pass one of the **daily busses** is to reverse. – often over 100 yds., which some find very difficult.
- 2) It is essential that the green belt be maintained round the village of Natland in order not to ruin the identity of the village.
- 3) The land in question is not suitable for building due to both the cave structure underneath, and the drainage from Helme, which causes flooding in heavy rain conditions.
- 4) My wife and I moved to our present location for the quality of life / village style of life, particularly needing, for medical reasons, to live in a bungalow.
- 5) Any future building parallel to Long Meadow Lane would, of necessity, be houses (not bungalows) which would have their foundations higher than the existing bungalows hence resulting in an unacceptable invasion of the existing bungalow owner's privacy.

PS The suggested car park at **ON51#** would be marvellous and would help the village no end on school days and also for events at the church, therefore we readily agree to this.

Land Allocations - Further Consultation

Please use this form to comment on:

1. Alternative sites put forward by respondents to the earlier Land Allocations consultation (January - April 2011);
2. Time span of the Land Allocations document
3. The approach to development in small villages, hamlets and the countryside.

Please complete one of these sheets for every response you make.

(Please also note that comments made in earlier consultation need not be repeated.)

1. **Alternative Sites**

Please let us have your views on alternative sites suggested by respondents to the previous consultation. (Please note, these are not SLDC suggestions.)

3. Small Villages, Hamlets & Open Countryside

Do you think the future housing and employment land needs of small villages, hamlets and open countryside are best met by: -

- A. Allocating sites for houses and employment in the Land Allocations document; or
- B. Communities and/or developers bringing forward sites for housing and employment for consideration under relevant Core Strategy policies, through neighbourhood plans and/or other local initiatives.

Please indicate which of the above options you would support. (Please tick as appropriate)
