

Development Plans Manager,
South Lakeland District Council,
Lowther Street,
Kendal,
LA9 4DL

Dear Mr. Hudson,

Please find enclosed a petition bearing the names, addresses and signatures of 300 local residents who are opposed to the amended proposals for R121M (RN302# and ON50#).

Had we had the time we could easily have found many more people more than willing to sign.

Please also note that residents have indicated that they objected to the original proposals as well!

Yours sincerely,

FCTE498

David Salisbury.

(Chair of SOLEK – Save Our Landscape East Kendal)

OBJECTION TO THE REVISED PROPOSALS FOR R121M

We, the undersigned, object to the original proposals for R121M and also object to the proposed revisions – RN302 and ON50 – which we consider to be even worse than the original, on the following grounds:

- Increased housing
- More damage to the landscape
- Additional run-off and greater risk of flooding
- Further jeopardising the Stock Beck Flood Alleviation Scheme
- Extra vehicles and a greater volume of air pollution
