*We aim to minimise the amount of paper printed and sent out. Therefore, where an email address is supplied, future contact will be made electronically.

This response contains pages including this one.

Please tick the box if you would like us to notify you when the Land Allocations Development Plan Document is submitted to the Secretary of State for independent examination and when it is adopted by the Council.

Land Allocations - Further Consultation

Please use this form to comment on:

1. Alternative sites put forward by respondents to the earlier Land Allocations consultation (January - April 2011);
2. Time span of the Land Allocations document
3. The approach to development in small villages, hamlets and the countryside.

Please complete one of these sheets for every response you make.

(Please also note that comments made in earlier consultation need not be repeated.)

1. Alternative Sites

Please let us have your views on alternative sites suggested by respondents to the previous consultation. (Please note, these are not SLDC suggestions.)

Which site do you wish to comment on?		
Settlement (e.g. Natland)	Site reference number (e.g. RN298#)	
NATLAND	RN298# + RN303#	
Please indicate below whether you support, support in part or oppose the suggestion that this site be included in the Land Allocations document (please tick as appropriate)		
Support <input type="checkbox"/>	Support in part <input type="checkbox"/>	Oppose <input checked="" type="checkbox"/>
Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)		
<p>I am opposed to the alternative sites put forward because :-</p> <p>1) The access from the sites would be onto Long Meadow lane. This would result in a large increase in the movement of traffic resulting in noise and traffic pollution for the present residents.</p> <p>2) Long Meadow lane has not been designed to take volumes of extra traffic gaining access to the main A65 road to Kendal via Oxenholme lane.</p>		

- 3) Oxenholme lane at the present time is very busy with traffic and depends on the goodwill of the residents to allow this traffic to use their drive entrances as a passing points. This would only exasperate the situation if the number are increased by new users coming via Long Meadow lane.
