Please explain your reasons/add your comments below (continue on a separate sheet/expand box if necessary)		
<p><i>ON 54 These are inappropriate for housing as the RN 35 access through the narrow roads - in particular ON 55 by Sticky Toffee pudding - would be highly dangerous, causing accidents and congestion.</i></p> <p><i>The development of ON26 which includes RN15 and the original R689 is too large for the size of the village and settlement around it. RN307 appears to be strip development and therefore not suitable for a Conservation area conserving a small historic village. EN50 in its entirety is on rising land and any employment development allowed here would dominate the village and ruin the whole area.</i></p> <p><i>As this area is forced to consider land for residential development the ONLY suitable site is the one put forward in the previous consultation document viz R112</i></p>
