Dear Sir/Madam

Re:- PROPOSED DEVELOPMENT – R121M RN302 ON50 R56

I have previously contacted you regarding my objections to the earlier proposed development sites of:-

- Land off Castle Green Lane
- Behind Rowan Tree Crescent
- Oak Tree Road

I would like to inform you again that I object to these new proposals for development as this seems to be worse than the first proposal.

In the new proposals there are more houses, thus the reasons I gave for not building in these areas to begin with will be greatly magnified e.g.

- Higher risk of flooding
- More landscape harmed
- Even more traffic
- Plus more ( please refer to my first letter)

In my first letter I state and back up genuine reasons why this building proposal should not go ahead.

Building on this land will definitely be the wrong thing to do. So do the right thing and DO NOT BUILD.

Yours sincerely

Lesley Blackstone (Mrs)
