Dear Sirs

Re: Local Development Framework – Further Consultations

In response to your letter of 28th July 2011

Alternative Sites – I feel that alternative sites should be looked at in particular the Kirkby In Furness area

Land Allocation Documents – I feel the document should cover a shorter period to an earlier date of 2020

Allocation Of Sites In Small Villages And Hamlets

I feel that in the Kirkby area (Hamlet of Bailiff Ground) a new community could be built incorporating a community hall and open air recreation facilities for families. " New Kirkby" would be my suggestion and the development would be low cost affordable housing with a percentage for local occupancy. The area has a good local bus service on a main road to Barrow In Furness, Cumbria

Yours sincerely

David Ross
