PROPOSED HOUSING DEVELOPMENT IN KIRKBY LONSDALE

I think a lot of the criticisms I have heard about the proposed development are associated with overloading the roads around the schools (St Marys and QES).

I really don't understand why a development opposite Booths on the other side of the A65 has been discounted. This will remove all the traffic issues, and people are more likely to walk into town. After all there is Biggins and Robrairie on this side of the A65.
