David

Following the approval of 26 homes on the field adjacent to Union Lane I wish to make a plea that the field next to the one which has just recieved approval be classed as an area of open space in the LDF. There appears to be aspirations to build on that plot as well which would put a totally unacceptable increase in traffic on to Union Lane and Stanley Steet etc. I am also concerned regarding the request to build houses on Ford Park field which has always been considered as 'open space' adjacent to a grade 2 listed building and greatly used and loved by the people of Ulverston

Kind Regards

Colin Hodgson
