Dear Sir or Madam,

It was with surprise that we observed that area R130 has not been allocated preferred development status. We feel that a great opportunity for Ulverston may be missed. This site has the fantastic potential to provide much needed housing, in a central location and, by negotiation, public access to a riverside area which is currently private. This combination of housing and greenspace public access would be a great asset to the town of Ulverston.

The area for housing more than meets all the criteria for development under your strategy and we believe, is a more preferable option to some areas on the fringes of town.

Please could you advise if further representation is appropriate at this time or if an appeal procedure is available at some stage.

Yours Sincerely

R.F. & C.E. Hodgson
