Lenother Street  
Kendal LA9 4DL

Dear Mr. Hudson,

Land Allocations

I refer to your letter of the 31 May 2012 ref DH/60.12.43.  
I wish to indicate as a member of the Friends of the Lake District,  
that I support Mr. Richard Pearce's objections to R103M, R129M  
and E4M Land South Scroggs Wood.

It may be pointless but I wish also to indicate that the first and  
last of these sites are valuable arable enclosures which should not  
be taken out of agriculture. This land represents an irreplaceable asset  
for the future in terms of food production.

Also as this was not stressed by Richard Pearce, the area to  
the west of Helsington Jethres manor house should be kept clear  
of development, retaining the prominent complex of Helsington Jethres  
in isolation, retaining its position as a separate guardian of Kendal's  
important southern entrance.

Yours sincerely
