Dear Sir

Proposed Creation of the Hamlet of Headless Cross

I enclose a petition against the above proposal which has been signed by at least one person from thirty three of the dwellings in the proposed hamlet. Thirteen dwellings were either unoccupied or the residents were not at home when I called, three of these are in hospital. NO ONE SPOKE IN FAVOUR OF THIS PROPOSAL AND MOST WERE VERY ANNOYED INDEED.

I should be obliged if you would let me have a copy of the document which makes this proposal, the names of those responsible for it and their reasons for doing it.

Two residents thought that the proposal had already been dropped '...because it was so ridiculous'. I hope that they are correct.

Will you please let me know if the proposal is to be taken any further?

Yours faithfully

PAUL LEECH

PETITION TO SOUTH LAKELAND DISTRICT COUNCIL
AGAINST THE PROPOSAL TO CREATE A HAMLET CALLED
HEADLESS CROSS

We, residents of the area in question, signing below and overleaf, request that the above proposal should be abandoned. We can see no benefit in this proposal and no point in it. We regard our houses as being in CARTMEL and wish it to remain so.

We call on the Parish Council and our Local Councillors to support this objection.
